Re: *Kane County, Utah v. United States* – Class Action Lawsuit
Check in full payment of net share of Judgment for 2015 – 2017 PILT Underpayments

Ms. Ganje:

Enclosed is a check payable to Shannon County, South Dakota in the sum of $131. That is the County's total PILT underpayment in FYs 2015 – 2017 less the pro rata share of attorney fees and reimbursable expenses awarded by the Court.

Here is how the payment amount was calculated:

1. The attorney fees ($5,740,607.00) and out-of-pocket litigation expenses ($26,936.96) awarded by the Court total $5,767,543.96.

2. Subtracting that total of fees and expenses ($5,767,543.96) from the total underpayments recovered ($17,221,821.00) leaves a net recovery of $11,454,277.04.

3. Dividing the net recovery ($11,454,277.04) by the total recovery (before deduction of fees and expenses) ($17,221,821) = 0.665102549 (i.e., 66.5102549%).

4. Your total underpayment of $196 multiplied by 0.665102549 (with result rounded up to next full dollar) = $131.

Links to the Judgments showing the underpayment amounts for all class members, and the Order awarding attorney fees and reimbursable expenses to be paid to Smith, Currie & Hancock LLP and deducted from the total recovery before distribution to class members, are posted here: https://www.smithcurrie.com/PILTPaymentsInfo/

Our delivery of the enclosed check concludes Smith, Currie & Hancock LLP's representation of Shannon County, South Dakota in this matter.

Sincerely yours,

SMITH, CURRIE & HANCOCK LLP

Sue,
Good Talking with you, Attached are Three Pics of the Area we cover as Primary Response for Fire, Rescue & Medical in the Oglala Lakota County.
The markings in Purple are the Lines that Pennington Co Dispatch goes by.
The reason we take that area in, is most of the time You can not get across the White River from the North or South, much less at times even get up N BIA 125 from Kyle. Mostly because the road is washed out or the Crossing the river and having to make the Big Hill going to the North.
Also where it shoots down the Redwater creek to the South as we can cross the river either at the Kruse residence or Hienrichs residence and take the two tracks back in there.
The Main reason is the residences back in the Bouquet Table area have to be accessed from Hwy 44.

I hope the images come out.

Dear Policyholder,

We are writing to inform you that, consistent with federal guidance, you may keep your existing coverage for the upcoming policy year.

How Do I Keep My Current Policy?
To keep your current policy, please contact us.

As you think about your options, there are some things to keep in mind. If you choose to renew your current policy, it may NOT provide all of the protections of the Affordable Care Act. These include one or more of the following new protections of the Public Health Service Act (PHS Act) that were added by the health care law and took effect for coverage beginning in 2014. If you choose to renew your current policy, your coverage:

- May not meet standards for fair health insurance premiums, so you might be charged more based on factors such as gender or a pre-existing medical condition, and it might not comply with rules limiting the ability to charge older people more than younger people (PHS Act section 2701).
- May not meet standards for guaranteed availability, so it might exclude consumers based on factors such as a pre-existing medical condition (PHS Act section 2702).
- May not meet standards for guaranteed renewability (PHS Act section 2703).
- If the coverage is an individual market policy, may not meet standards related to pre-existing medical conditions for adults, so it might exclude coverage for treatment of an adult's pre-existing medical condition such as diabetes or cancer (PHS Act section 2704).
- If the coverage is an individual market policy, may not meet standards related to discrimination based on health status (PHS Act section 2705).
- May not meet standards for non-discrimination with respect to health care providers (PHS Act section 2706).
- May not cover essential health benefits or limit annual out-of-pocket spending, so it might not cover benefits such as prescription drugs or maternity care, or might have unlimited cost sharing (PHS Act section 2707).
- May not meet standards for participation in clinical trials, so you might not have coverage for services related to a clinical trial for a life-threatening or other serious disease (PHS Act section 2709).

How Do I Choose A Different Policy?
You have options for getting quality health insurance. You may shop in the Health Insurance Marketplace, where all policies meet certain standards to help guarantee health care security, and no one who is qualified to purchase coverage through the Marketplace can be turned away or charged more because of a pre-existing medical condition. The Marketplace allows you to choose a private policy that fits your budget and health care needs. You may qualify for tax credits or other federal financial assistance to help you afford health insurance coverage purchased through the Marketplace.

You can also get new health insurance outside the Marketplace. All new policies guarantee certain protections, such as your ability to buy a policy even if you have a pre-existing medical condition. However, federal financial assistance is not available outside the Marketplace.

You should review your options as soon as possible, because you may have to buy your coverage within a limited time period.

How Can I Learn More?
To learn more about the Health Insurance Marketplace and protections under the health care law, visit HealthCare.gov or call 1-800-318-2596 **or TTY: 1-855-889-4325.**

If you have questions, please contact us.
